

National Boating Education Standards Panel

Minutes – June 8, 2021

Teleconference Meeting

These minutes are the official record of the National Boating Education Standards Panel (ESP) meeting. The minutes are prepared by National Association of State Boating Law Administrators (NASBLA) staff and are provided to both the ESP members and those on the EZ-ESP mailing list. The minutes reflect the panel's actions on any comments submitted for its consideration, and reflect the general discussion of other ESP actions based on official motions made at the panel meeting. All discussion, materials, and data are considered proprietary to ESP and NASBLA, and are not appropriate for public use. Written consent must be obtained from NASBLA before the minutes are used outside the scope of panel activity.

The meeting minutes serve as notification of the disposition of any and all comments submitted through the call for proposed revisions, call for comments, comments, consensus ballot, and public review periods. An effort to resolve all rejected/negative comments will be made. A "resolved" comment is a negative vote cast by a member of the consensus body or a comment submitted as a result of public review where the negative voter agrees to change his/her vote or the negative commenter accepts the proposed resolution of his/her comment. An "unresolved" comment is either (a) a negative vote submitted by a consensus body member or (b) written comments, submitted by a person during public review expressing disagreement with some or all of the proposed standard, that have not been satisfied and/or withdrawn after having been addressed according to the developer's approved procedures. If the Panel does not hear from the public review commenter within 15 days of notification of their unresolved comment, that comment will be considered resolved. Any negative comment not resolved or withdrawn will be considered an unresolved objection and will be recirculated for panel consideration. Any change of vote by a panel member must be substantiated in writing. If resolution is not achieved, the commenter has a right to appeal per the process outlined in the National Boating Education Standards Panel Rules (latest version). Please contact NASBLA staff (esp@nasbla.org) for further details.
